Slyde King 2K Rechargeable Flashlight

NEB-WLT-1003

SKU: 39416 UPC: 645397000000

Looking for a LED flashlight that can do it all? The SLYDE KING 2K from NEBO is new and improved, and still the KING. USB-C rechargeable with an IP67 waterproof rating, the SLYDE KING 2K is extremely versatile with a 2,000-lumen super bright LED flashlight and a 500 lumen C•O•B work light all in one. There are four light modes and all of them are dimmable with programmable memory to suit your personalized needs.

This LED flashlight and work light throws light up to 1,300 ft away, has a powerful magnetic and ergonomic rubberized base, and is impact resistant, making it adaptable for any job. Whether you work on a construction job site or need a reliable LED flashlight for fishing, hunting, camping, and more, the SLYDE KING 2K can handle anything you throw at it.
