

Adept Audio®

SoundScape Outdoor Satellite Speaker System

LSCAPESYS

SKU: 59981 UPC: 812348000000

Its centerpiece is a refined, cool-running digital 200W 2-channel amp with six DSP Presets. It comes with a 10" passive subwoofer that can be used in or above ground and premium 4¼-inch satellites, though the amp can confidently power up to eight satellites. For commercial installations, just connect multiple systems and get high-quality sound everywhere you want it.
