

6.5" Dual Voice Coil Speaker

IC6DVC-B

SKU: 17798 UPC: 741835000000

Our Sonic Vortex technology generates rich, deep bass and effortless clarity from what most people would call a 'back box', but is not. It is actually a compact, integrated tuned enclosure. This patented technology is a 'twist' on Ported Transmission Line design, that optimizes air movement to produce astonishing sound. The enclosure also keeps sound from bleeding to other rooms while adding 6 to 9dB boost in mid-lower bass.

Features

- Speaker Type – In Ceiling Dual Voice Coil
- Woofer – 6.5" Poly
- Tweeter – 1" Silk Dome Dual Voice Coil
- Frequency – 46 Hz – 22 kHz
- Sensitivity – 89db
- Diameter – 9.4" (239mm)
- Cutout – 8.4" (214mm)
- Sonic Vortex Ported Transmission Line
- Magnetic Bezelless Grille – White; paintable
- Impedance – 8Ω
