Tamper-Proof Smart Deadbolt Lock with Nest Connect - Black Suede

GRBYRD540WVBSP

SKU: 129758 UPC: 81023078740

Meet the secure, tamper-proof smart lock from Nest and Yale. It's keyless, so you can lock and unlock the door from anywhere with the Nest app.¹ Give people you trust a unique passcode instead of a key, and get alerts when they come and go. Lock the door with a tap. If you forget, you'll get a reminder.

Features

- Nest x Yale lock is a secure, tamper-proof smart lock for your front door that replaces the deadbolt lock you already have.
- Keyless entry on the LED keypad lets you lock and unlock your front door without a key, the keypad plays different sounds when it's touched to confirm responses, such as locking, unlocking, or turning privacy mode on or off.
- Let someone in from anywhere, unlock the door with your phone using the Nest App for easy guest access, or give unique passcodes to family and guests and set a schedule to control when they work.
- Check the status of your door and lock it from anywhere using the Nest App, or lock it or check your door status hands-free with Google Assistant.
- Nest x Yale lock works on most standard doors, everything you need to get started is in the box, you can install it yourself in a few steps, or call a pro to help.
- When you don't want to be disturbed, privacy mode disables the keypad so it can't be unlocked with a passcode
- Get alerts on your phone when someone locks or unlocks the door or tries to tamper with your smart lock.
- Use 1-touch locking on your way out or a passcode on the keypad. With auto-lock, the Nest x Yale Lock can lock automatically when you're away from home.
