

## ezEX38 RJ45 Unshielded UTP Connectors - 100 Pack

202038J

SKU: 42441    UPC: 849160000000

Whether you're repairing or making a new ethernet cable, these ezEX38 RJ45 Unshielded UTP Connectors from Platinum Tools help to make the process easy. A hi-lo staggered load bar lets you more easily verify and isolate each of the conducting wires before termination. It's a simple one piece pass-through design. This package includes 100 UTP connectors that are typically used with Cat 5e cabling, but can also function on Cat 6/6a wiring. When combined with cabling (not included), they are ideal for basic data applications as well as PoE/PoE+ environments.

### Features

- For Cat 5e, Cat 6, or Cat 6a Wiring
- Hi-Lo Staggered Load Bar
- One Piece Pass-Through Design
- Works with Solid/Stranded 24-22 AWG Wire
- TIA, TAA, RoHS, UL & FCC Compliant
