Portable Wireless Multi-Room Streaming Speaker

PULSE FLEX 2i

SKU: 110111   UPC: 5703120000000

The PULSE FLEX 2i is a versatile, high-res Bluetooth speaker that delivers true wireless portability and the best in audio performance. Place two in any room, pair them together for stereo sound, or even take one with you to the park. It's our smallest speaker that lets you enjoy streaming great-sounding music in every corner of your home.

Features

- Ultra-compact speaker that delivers crystal-clear, size-defying sound.
- Digital amplifier and custom-tuned drivers energize your music with deep, detailed bass and no distortion.
- Control music wirelessly with the intuitive BluOS Controller app for iOS, Android, Kindle Fire, and Windows & Mac OS X desktops.
- Place one in any or every corner of your home and watch it disappear into your home décor.
- Group two PULSE FLEX 2i's with the PULSE SOUNDBAR + or POWERNODE and create a wireless surround sound system with dedicated rear channels.
- Attach the optional rechargeable FLEX battery pack and take your music wherever you go with Bluetooth.
- Works with Bluesound RC1 Remote Controller
- Connect Bluesound to your Amazon Echo with the skill in the Alexa app and use Amazon's Alexa voice assistant to control Players around the home.
- AirPlay 2 lets you play music or podcasts from wireless speakers throughout your house — all in sync.
