## 6.5" 2-Way LCR Ceiling Speaker

ICLCR62

SKU: 33564    UPC: 812348000000

We've all heard the objections to home theater—it's too complicated, too costly, and it makes a living room look like a recording studio. The ICLCR62 puts every one of those objections to rest. It's our most affordable ceiling LCR—and the most affordable way to get your Netflix shows sounding like they would in a commercial cinema. Mount three ICLCR62s in the ceiling above your TV screen, and add two or four more for the surround channels. Or use any of our other ceiling speakers for surrounds, because our team of the world's most experienced architectural speaker engineers voiced them all to mix and match.

The ICLCR62's pivoting sweet-sounding silk dome tweeter assures that every whisper of dialogue is as clear as it was on the sound stage. Through our engineering team's carefully designed crossover, the tweeter blends perfectly with our tough 6 ½" IMP polypropylene cone woofer. Because the speaker's angled, you can point it where listeners will sit, and get sound that's surprisingly similar to what you'd hear from a freestanding home theater speaker system. And the pivoting tweeter lets you direct the highs exactly where you want them.

Like all of our other ceiling speakers, the ICLCR62 uses our In the Ring toolless mounting system. All you need to mount the ICLCR62 is your bare hands! Just lift the ring into the hole, point it where you want the sound to go, and squeeze down on the four mounting clamps. Twist the speaker into the ring, pop on our magnetically attached grille, and you're ready to go.

Woofer & Tweeter Bridge Fixed at 15 Angle 6.5" Polypropylene Woofer 1" Pivoting Silk Dome Tweeter Power Handling: 100 Watts Frequency Response: 50Hz-20kHz Sensitivity: 91 dB SPL, 1 W/1 m (3.3 ft) Impedance: 6 Ω Cut-Out Diameter: 8.75" Grille (outside) Diameter: 10" Mounting Depth: 4.87" Individual Package Dimensions (L x W x H, Weight): 12.6 x 12.4 x 6.9 in., 4.95 lbs.
