

360° Wireless Ceiling Mount PIR for Interlogix & Qolsys

WFX-360IX

SKU: 112669 UPC: 788925000000

The wireless WFX-360IX is an extremely cost effective yet uncompromising battery operated 360° ceiling mount passive infrared detector. It provides 40ft diameter detection range with up to 7 years of battery life, an OPTEX designed hard spherical lens that protects against false alarms caused by environmental or temperature changes, with a sleek & compact design that suits all types of installation applications. The WFX-360IX includes a built-in transmitter compatible with Interlogix & QOLSYS Wireless Systems.

Features

- OPTEX engineered Hard Spherical Lens
- False alarm protection
- RFI protection
- Temperature compensation
- Noise reduction circuit
- Selectable pulse count for sensitivity adjustments
- Advanced quality control with computerized S.M.D. Technology using robotics
- Battery life: 3 years (720 events per day) to 7 years (240 events per day)
- LED On/Off switch
- Includes Built In Transmitter for Honeywell 5800, DSC 433 MHz, 2GIG, Interlogix, and QOLSYS Wireless Systems
