

6.5" In-Ceiling 2-Way Speaker with 1" Silk Dome Pivoting Tweeter

IC6-B

SKU: 17789 UPC: 741835000000

Our Sonic Vortex technology generates rich, deep bass and effortless clarity from what most people would call a "back box", but is not. It is actually a compact, integrated tuned enclosure. This patented technology is a 'twist' on Ported Transmission Line design, that optimizes air movement to produce astonishing sound. The enclosure also keeps sound from bleeding to other rooms while adding a 6 to 9dB boost in mid-lower bass.

Features

- The 2-way in-ceiling speakers provide the finest sound coverage
- Power Handling 5-120W
- Listen to deep lows and euphoric highs with a frequency range of sound from 46 Hz-22 kHz
- 8 Ohm impedance extracts maximum power so you will get more output from your speakers
