

5-in-1 Fiber Optic Stripper

15061C

SKU: 42381 UPC: 849160000000

The Platinum Tools® 15061C Fiber Optic Stripper features a pre-set five cavity design, making it a versatile tool for use with a variety of fiber optic cables. No adjustments are required. It will strip: 2.8 - 3.0 mm outside jacket (C), 2.0 - 3.0 mm loose tube fiber (C), 2.0 - 2.4 mm outside jacket (C), 900 micron buffer (B) and 250 micron coating (A). This professional fiber optic stripping tool has non-slip cushioned grip handles. It is manufactured from high carbon tool steel, precision ground and hardened for durability and long life.
