

Simply45®

Pro Series Cat6/6a Pass-Through RJ45
Modular Plug with Cap45 (Pack of 50)

S45-1701P

SKU: 151076 UPC: 810094000000

Simply45® ProSeries hybrid connectors feature our patented Cap45. The ProSeries connector provides the convenience of a pass-through style with the security of a standard modular plug. Simply45® only uses the highest quality materials to ensure reliable results and will greatly reduce truck rollbacks. Our connectors are commercially rated and feature a 3-prong style contact designed for all PoE applications, making Simply45® ProSeries the most reliable terminations on the market today..

The S45-1700P is a single-piece unshielded pass-through RJ45 modular plug for use with unshielded LAN cables. No-load bar is required. Supports performance standards: ANSI/TIA 568.2-D for Cat6 and Cat6a; ISO/IEC 11801 Class E and Ea. Supports 10GBaseT performance applications over unshielded twisted pair cables. Cap45® (PATENT: 10,811,831 B1). Cap45® is an isolation cap/bar that snaps onto the front of the pass-through RJ45 plug after termination, covering the exposed wire ends. Cap45® is fast and easy to use. Fits all compliant RJ45 sockets. With Cap45®, any electrical risks associated with pass-through RJ45 modular plug exposed wire ends are now eliminated completely. Learn more about Cap45® in our ProSeries Product Line discussion. If you don't want to use Cap45®, no problem. It will not affect plug performance.

Features

- Terminate fascicle of network cables with this connector
- Gold plated contacts provide smooth data transfer
- Wide Mouth Jar for Easy Hand Access.
- 3 Prong Pin Design
