

## Broadband Square Edge Acoustic Panels , 24 x 48 x 2" - White

F102 2448 01

SKU: 156858    UPC: 676101000000

This 6-pack of 24 x 48 x 2", arctic white Primacoustic Broadband Square Edge Acoustic Panels are made of fabric-covered, high-density, (6 lb per cubic foot) rigid fiberglass panels designed to control echo and absorb secondary reflections in any reverberant environment. Because the panels are also Class-1 fire rated, they are ideally suited to provide effective acoustic control in applications as diverse as home theatres, practice rooms, houses of worship, offices, call centers, and broadcast studios.

### Features

- Glass Wool for Sound Absorption
- 24 x 48 x 2"
