

10-Port 10/100M Desktop Switch w/ 8-Port PoE

TEF1110P-8-63W

SKU: 32098 UPC: 885397000000

Tenda TEF1110P-8-63W 10-Port 10/100M Desktop Switch w/ 8-Port PoE. TEF1110P-8-63W is an unmanaged PoE switch with 2 uplink ports that can connect with Router & NVR. Compliant with IEEE 802.3at/af standards, it can identify PoE-powered devices intelligently. The switch supplies a maximum PoE power output of 58W, and 30 W for a single port. TEF1110P-8-63W is an ideal choice for SMBs, supermarkets and restaurants with small-sized video surveillance requirement. Due to the complex monitoring environment, the distance from each terminal to the monitoring center is different, some even more than hundred meters. TEF1110P-8-63W can support 250 meters data transmission under the Extend mode, which can save the cost of your project with less devices used.

1-2 ports support QoS Priority function, and it will prioritize them when meeting network congestion, which can ensure the network stable and fluent transmission of the surveillance video without breaking up.

Features

- 6KV lightning protection
- One-key VLAN
- 250m Extend mode
- QoS Dual uplink ports
