Protect All-In-One Sensor

UP-Sense-3

SKU: 157725   UPC: 810010070036

The battery-powered Ubiquiti UniFi Protect Smart Sensor is capable of detecting motion, lighting and environmental changes. It detects motion up to 5 meters. This device is capable of temperature and humidity sensing, ambient light sensing, alarm sound sensing and door and window state sensing. It has a battery life of up to one year. This sensor can be connected to the UniFi Bluetooth-enabled access point.

Features

- Motion & Door/Window Sensor
- Temperature & Humidity Sensor
- Ambient Light & Alarm Sound Sensor
- Water Leak Sensor
