

## 2.1MP Outdoor Universal HD Analog Bullet Camera

DWC-B6263WTIRW

SKU: 149586    UPC: 812226000000

In white, the DWC-B6263WTIRW 2.1MP Outdoor Universal HD Analog Bullet Camera with Night Vision from Digital Watchdog has a 1/3" progressive scan CMOS sensor for a resolution up to 1920 x 1080 at 30 fps. The 2.8-12mm varifocal lens features Smart IR LEDs that provide up to 100' of night vision. Star-Light technology enables the camera to record in low-light conditions without relying on its IR emitters. 100 dB of true wide dynamic range ensures that an entire scene is captured clearly in challenging lighting conditions.

The universal HD analog camera transmits AHD, HD-TVI, HD-CVI, and standard analog signals up to 960H resolution. UTC (Up-the-Coax) connection allows for OSD control of the camera. An icon-based OSD menu with a built-in joystick simplifies navigating the camera's settings. The IP66-rated aluminum enclosure makes the camera suitable for outdoor use.

### Features

- 1920 x 1080 Resolution at 30 fps
- Up to 100' of Night Vision
- Universal HD AHD, HD-CVI & HD-TVI
- Star-Light Low-Light Technology
