

## Boundryguard Outdoor PIR Photoelectric Sensors

BX-100PLUS

SKU: 112690    UPC: 788924000000

The BX-100PLUS consists of a pair of small, discreet dual-infrared beams designed to protect the immediate perimeter of a building. The beams are particularly useful in providing coverage for windows, doors and roller shutter doors and can be used to activate an intruder alarm system, lights or CCTV before a break-in occurs, minimizing damage to property and risk to on-site personnel.

### Features

- Full time relays
- Attractive, slender design
- Easy alignment with visual and audible indicator
- Light reduction filter
- Max 99 percent blockage
