Klein Glow Fish Rods are the perfect solution for running wires through drop ceilings, attics, floors, walls and crawl spaces. This mid-flex rod is designed to bend enough to maneuver, but remain rigid to push longer distances. The Splinter Guard™ coating glows bright yellow to quickly identify the right flex for the job and improves visibility in low-light applications. This 5-Foot rod is a great add-on to your Klein fish rod set to balance and extend reach.
