

15.5" F Connector Assembly & Removal Tool

11022

SKU: 42011 UPC: 849160000000

The Platinum Tools 11022 15.5" F Connector Assembly & Removal Tool is a dual function tool that features a 7/16" hex socket at one end and a 3/8-32 thread at the other end. The hex socket slides over the cable and the rear of the connector for easy mating and un-mating of hard to grasp F connectors. The threaded end provides a stable surface during cable insertion, eliminating the danger of stab wounds from the center conductor. It has a rugged extruded plastic handle and a long-life chrome finish.

Features

- 7/16" hex socket for mating and un-mating
- 3/8-32 threaded end for connector assembly
