

## Streaming Audio Player

Xsource

SKU: 16542    UPC: 612935000000

The XSource Streaming Audio Player is the perfect addition to any Russound system or to add as a source to any amplifier, receiver, or audio system. Designed for audio professionals, it offers rack-mount options and is fully IP controllable

for integration into 3rd party control systems.

With built-in support for high resolution audio and Apple AirPlay, it couldn't be easier to use or more enjoyable. Full control is available from iOS/Android phones or tablets and with Russound's XTS in-wall touchscreen

### Features

- Integrate a streaming source into any MCA Controllers
- Connect to any amplifier or receiver as a streaming audio source
- Control via the MyRussound App or XTS in-wall touchscreen
- Voice Control is available using Amazon Alexa
- Mix and match with other Russound XStream Series products for up to 16 streaming zones
- Built-in Slide Lock System allows coupling of up to 4 units in a single rack width
