

7" Phillips Screw Holding Screwdriver

K16

SKU: 39875 UPC: 92644321030

Getting that screw to stay put while you get it in place is much easier with Klein's Phillips Screw-Holding screwdriver. Positive gripping action holds, starts, and drives Phillips screws in awkward, hard-to-reach places. Blade separates to hold the fastener securely.

Features

- Screwdriver's blade separates to hold the fastener
- Not designed for torquing or tightening
- Positive gripping action holds and starts Phillips screws in awkward, hard-to-reach places
- Made in USA
