

## Cat6 Patch Cord Snagless 1' - White

6E04UMWH-PC-01

SKU: 148038

Cat6 unshielded (UTP) patch cables are made from 4-pair 100% bare copper stranded cables. The RJ-45 connectors consist of 50-micron gold-plated contacts for optimum performance. Made with molded snagless boots to help prevent locking tab from snag when plugging and unplugging.

### Features

- CAT6 UTP Molded Snagless Boots Patch Cord, RJ-45/RJ-45 - 1 PC
- Made from 100% bare copper stranded UP cables
- RJ-45 connectors with 50-Micron gold-plated contacts ensure clear transmission by eliminating signal loss due to corrosion
