SKU: 156836 UPC: 676101000000

The paintable white London 8 Paintable Room Kit from Primacoustic helps control primary reflections, flutter echo, and excessive bass for rooms up to 100 ft². Panels are mounted using impalers, which eliminate the need to use wall-damaging glue. The London room kits include all the necessary hardware for a quick and easy installation, including wall anchors, screws, and even a drill bit.
