

64-Channel 12MP 8 SATA HDD NVR

NVR308-64X

SKU: 61666 UPC: 810093000000

The NVR308-64X Uniview 64 Channel NVR is a professional IP Network Video Recorder with up to 8 SATA HDD storage capacity. This NVR can handle up to 12MP Recording Resolution so you can really ramp up the Megapixels! Even better, Ultra265 technology combines U-Code and H.265 to reduce your storage space and enhance image quality, cutting your storage costs by 75% or more! Speaking of recording capabilities, the NVR has (8) SATA Bays and accepts up to 10TB each bay for a total of 80TB of storage. Therefore, you can spec this NVR for client that have higher storage demands. In addition, ANR technology assures that you have a redundancy for your video data. Since the NVR308-64X has various Fisheye De-warping Modes available, you can achieve the full benefit of panoramic or fisheye™ IP cameras.

Uniview NVR's are ONVIF compliant with profiles S, G and T, so your third party cameras are supported. Uniview's attention to detail and customer satisfaction are unparalleled. Because of this, Uniview has become a favorite of our dealers and installers due to reliability and ease of use.

Features
