Triple 15" Subwoofer

SDSi-15

SKU: 66916

The Sunfire® Subwoofer legacy lives on in the SpeakerCraft® SDSi Subwoofer Series. Based on decades of bass innovation and patents these subwoofers move sound innovation and technology forward. The SDSi Series is powerful and compact, made to rock today's world in a whole new way. With premium performance and no-compromise on sound quality, hear – and feel – an immersive listening experience. From the moment these are installed, you'll understand exactly why not all subwoofers are created equal.

15" subwoofer with high back-EMF woofer design: over-sized magnets generating high motor force, experience unprecedented performance at this price.
