

## 12-Channel 30W Multi-Zone Amplifier

SC12-30

SKU: 66912

The SC12-30 is a 12-channel, fully configurable power amplifier that provides 30W per channel (80W when bridged) and our unique BusMatrix Selector. The SC12-30 is the perfect multi-zone or multi-room solution.

Offering the classic SpeakerCraft stability that you™ve come to know and trust, the powerful SC12-30 will exceed your installation needs. Specifically designed to solve the problems of interfacing with different brands and models of equipment, and different rooms and applications, the SC12-30 makes installation easier and more straight forward than ever before. Fully configurable, with 12-channels that provide 30W per channel (80W when bridged) and our unique BusMatrix Selector, the SC12-30 is the perfect multi-zone or multi-room solution.

### Features

- Delivers real world power at a solid 30W per channel RMS into 8 $\Omega$  and 40W per channel RMS into 4 $\Omega$ .
- Features three turn-on modes: Manual Turn-on via the Front Panel Switch, Audio Sense and External Voltage Trigger.
- Twelve to six-channel configurable power via the bridging switches located between each output pairs.
- Unique BusMatrix Selector enables flexibility to assign each channel to a common or dedicated signal input.
- Ensures extremely high channel-to-channel isolation, enabling freedom from noise and crosstalk.
- Dimensions (L x W x H) 16.25 x 17.25 x 5.75 in
