DX-Stage F Series 6.5" In Ceiling Speaker (Pair)

DX-FC6

SKU: 145622

Feel the breath of the singer, the pick of the guitar, or the SFX of movies and games with crisp room-filling sound.

Featuring a 6 1/2 inch injection molded polypropylene woofer and 1-inch aimable silk dome tweeter the DX -FC6 is ideal for music, movies and gaming applications where excellent performance and dynamics are required.

Features

- **6 1/2-Inch Injection Molded Polypropylene Woofer**

The IM process yields stability, consistent performance and dynamics for many years.

- **1 Inch Aimable Silk Dome Tweeter**

The pivoting tweeter can be aimed towards the ideal sweet spot position.

- **Low Profile Grill**

A thin-bezel magnetic grille ensures a secure fit, pleasing aesthetic and with a one-step paint process, Blends discreetly into any dacor

- **Easy-Grip Tweeter Bridge**

Installing speakers above your head requires a sturdy grip point and the SpeakerCraft Tweeter bridge ensures you have one. We even protect the tweeter from accidental finger pokes

- **Precision Tooled Diffusion Baffle**

scattered concavities reduce reflection and disperse the sound evenly for a natural room filling experience.

- **Secure Connection**

All SpeakerCraft speakers feature spring loaded binding posts that provide a secure, worry-free connection in the wall or ceiling

- **Timber and Performance Matched**

Expect consistent dynamic and detailed sound in every Stage F series speaker
