LEVITON

Decora Smart WiFi 600W Universal LED/Incandescent

DW6HD-1BZ

SKU: 22898   UPC: 7847779644

Easily replace your existing single pole or multi-way dimmer with the new Leviton 600W Universal LED/Incandescent Decora Smart Wi-Fi Dimmer to allow control from anywhere. Use the free My Leviton iOS or Android app to add/name devices and to control them individually or as a room with a single button push. Create schedules, scenes, and customize your experience with adjustable fade rates, maximum/minimum illumination levels, and more if desired. Add an Amazon Alexa device to use voice commands like, €œAlexa, turn outdoor lights on. Or, add a Google Assistant device to say, €œOk Google, turn [Everything] On. Leverages the Leviton Decora form factor with matching color change kits, multi-way devices, wallplates, and more. Rated for dimmable LED and CFL loads up to 300W or incandescent loads up to 600W, neutral wire required. A five-year limited warranty supports Leviton Decora Smart Wi-Fi products.

Features

- Control your lights from anywhere using the free my Leviton app for iOS and Android, no hub required
