The Hikvision DS-2CE16U1T-ITF 8 MP Outdoor Bullet Camera has a 2.8 mm fixed focal lens and provides high definition analog output. TurboHD means that the analog signal can be sent over existing coaxial cable, eliminating the need to run new cables for high definition video.

EXIR 2.0 is Hikvision's proprietary IR extended range technology, which has a range of 100 feet (30 meters). DWDR (Digital Wide Dynamic Range) ensures that ideal images are captured regardless of the lighting conditions.
