

2MP HD WDR EXIR Outdoor Turret Camera with 3.6mm Lens

DS-2CE56D7T-ITM 3.6mm

SKU: 12679 UPC: 813908026917

The Hikvision DS-2CE56D7T-ITM turret camera provides high definition analog output up to 1080p. TurboHD means that the analog signal can be sent over existing RG6 coaxial cable, eliminating the need to run new cables for high definition video. EXIR is Hikvision's proprietary IR extended range technology, which has a range of 66 feet (20 meters). Smart IR varies IR output based on the zoom setting. The 2.8 mm, 3.6 mm, and 6 mm lens options allow the correct angle of view to fit any situation. True 120 dB WDR (Wide Dynamic Range) ensures images will be optimal, no matter what the lighting conditions. This camera also features a range of Smart functions, including line crossing, intrusion, and region entrance and exit, benefitting users with great improvements on security efficiency and, more importantly, with key events and objects being recorded for further forensic needs. It is an outdoor IP66 camera that supports a wide temperature range.

Features

- 1/2.7" (2 MP) High-Performance CMOS
- Analog HD Output, Up to 1080p Resolution
- True Day/Night
- OSD Menu, DNR, Smart IR
- True WDR, Up to 120 dB
- EXIR Technology, Up to 66 ft (20 m) IR Distance
- IP66 Weatherproof
- Up-the-Coax (HIKVISION-C)
