

## Red Gate Controller - Ethernet + Wireless Enabled

RGW

SKU: 112143    UPC: 850016583949

PDK's Red™ Gate Outdoor Controller includes built-in Ethernet connectivity and self-discovery, simplifying IP configuration and functionality. Additional plug-and-play connection options are available by simply purchasing a Red PoE++ Module Kit. The Red Gate is equipped with OSDP functionality.

### Features

- Advanced security: ProdataKey Red products lead the industry in secure communication protocols. This includes OSDP, mobile, and encrypted credential communication
- Power monitoring: Equipped with an on-board power supply, and a fully-supervised power circuit that monitors input, output, battery voltage, and overall controller health
- Plug'n'play connectivity: All PDK Red devices were designed to be plug n' play. That means they're easy to install right out of the box. It's simple to add any device no matter how large the job is.
- Self-Discoverable: The Red Gate will be automatically discovered by the Cloud Node when an Ethernet cable is connected; it is not necessary to enter the IP address; the device is self-discoverable.
- Eliminate Trenching: Protecting access to gates and exposed areas has never been easier or more cost-effective. Because of our WiMAC wireless capabilities, the gate io eliminates the substantial
- System Scalability: Whether you need two doors or a thousand, the PDK Red Gate Controller gives you the flexibility to add more doors anytime, anywhere, on any device.
