

SC/APC Single-mode OS2 Connector

SSF-SC-SMAPC-10

SKU: 161385

Cleerline™ SC/APC single-mode OS2 mechanical connectors ensure precise fiber alignment, producing low loss terminations for your single-mode fiber. Connectors are compatible with 250 μm , 900 μm , 2 mm and 3 mm fiber cables. No crimping or proprietary tooling is required to terminate. The connectors feature a large confirmation window for easy verification and a V-groove channel for easy fiber insertion. Cleerline™ SC/APC single-mode OS2 Connectors are compatible with all SSF™ fibers as well as standard 9/125 single-mode fibers.
