GC2 Touchscreen Security & Control Panel

CP21-345e

SKU: 23023   UPC: 817082000000

The 2GIG Go Control 2 is an alarm system unit with a user-friendly interface on the GC2 Security & Control Panel System, your computer (internet) and web-enabled phone allowing access when needed. The most reliable communication option available in the industry. No more concern with cut phone lines or the elimination of residential phone lines altogether. GC2 allows the central monitoring station to listen in and talk to the homeowner when a signal is received.
