

## Extra Small, Empty Wall Mount with Solid Metal Door

SSF-SWM-SOLID-NL-E1

SKU: 161389

The Cleerline™ SSF-SWM-SOLID-NL-E1 is a compact wall mount fiber distribution unit designed to accommodate one LGX-118 compatible adapter plate. Ideal for data applications, this enclosure supports inline adapters, pigtails, and splice sleeves, providing integrated fiber management in a small form factor. It features a 3/4" knockout for flexible installation and is secured with plunger-and-grommet type closures. Measuring 8.0" H x 8.0" W x 2.0" D and weighing 1.54 lbs, the SSF-SWM-SOLID-NL-E1 is designed for efficient space utilization and robust protection of fiber connections. Its compact design and durable construction make it suitable for various environments where space is at a premium and reliable fiber management is essential. This unit offers a practical solution for small-scale fiber termination needs.

### Features
