Swing-Out Mount for CFR1620/1615

CFA16SM-B1

SKU: 20308 UPC: 793795525604

Sanus Component Series CFA16SM on-wall swing-out accessory allows easy access to back of a wall-mounted modular rack system. With the CFA16SM, the CFR1620 and CFR1615 can be installed to effortlessly swivel out from wall with just one kit. Locking pins securely hold rack against the wall when returned to its home position. Cable management pass through feature ensures wires will safely stay protected when routed from any direction to back of rack
